

# CINDY JACKS | SPIRITUAL DIRECTOR

The greatest joy in my life is to be used by God. As a spiritual director, I come alongside and listen to people share their story. We look for the evidence of God. Often we begin by sitting in silence and listening together to hear God's words. There are exercises and disciplines that can be used to help us lean into God so that we can see and hear Him more clearly. As we recognize His involvement in the past and discern His presence today, we can move freely into the future.

Married to Doug for 41 years, we have 3 grown children and 8 grandchildren. A lifelong student, I have been privileged to be an elder, a worship leader, involved in women's Bible studies, as well as Sunday Learning Communities.
